COMMERCIAL

EXPERIENCE

Debbie Cook joined the Property Management team at TOK Commercial in 2014. A seasoned veteran of commercial property management, Debbie has navigated a wide range of property management projects throughout her career — from large, mixed-use properties to multi-tenant retail centers. Debbie cultivates strong relationships with the tenants and owners of the properties that she manages and brings a refreshing level of dedication, reliability and integrity as she works on behalf of all of her clients.

Debbie's management portfolio encompasses just under one million square feet of commercial properties. Class 'A' properties under her management include Talus Professional Plaza medical building, 401 W. Front Street Building and West Airport Plaza. Debbie was also the recipient of TOK Commercial's Property Manager of the Year award in 2017 and 2021.

Since 2022, Debbie has assumed the role of trainer in the property management team, where she specializes in the coaching and development of up and coming property management professionals. Debbie thrives on empowering her trainees to be great in their jobs and build flourishing careers.

Debbie works closely with TOK Commercial's clients to develop and manage uniquely customized management programs that focus on cost-efficient operations and tenant retention. In short, Debbie provides solutions for her clients, not simply services.
